Your score may be classified as indeterminate if it is at or above the passing level and Cisco cannot certify that it represents a valid measure of your ability. a) Classified as "valid" and your official exam result will be reported at www.pearsonvue.com/authenticate. You can view exam results by using the registration and validation numbers displayed in the left column within 72 hours of your exam session. Cisco reserves the right to invalidate your exam score and Certification result, even after your official exam score has been posted.

b) Classified as indeterminate and you will be advised of the options for retaking the examination.

- If this exam completes a certification requirement, please allow 10 days for Cisco to receive your exam results. Then login to the Certification Tracking System at www.cisco.com/go/certifications/login to view your certification status. Ensure that your name and mailing address are correct.
